0% Financing Cisco Unified Communications for Small Business

36 months same-as-cash,
Plus you own the solution in the end!

For a growing business, technology is one of the best ways to gain a competitive advantage. However, it can be difficult to get the equipment you need. Cisco CapitalSM can help. Not only can we significantly reduce cash flow limitations by allowing you to pay for your solution over time, but now, for a limited time, we are providing interest free financing on Cisco Unified Communications solutions.

How does this help you?

- Get the equipment you need NOW, but spread the payments out with NO interest charges!
- There are no surprises or hidden costs—we've taken the complexity out of financing!
- Pay for your new solution over time, and own it in the end.

Example: \$36,000 Solution

Cisco Capital can make the difference

Cisco Capital, a wholly owned subsidiary of Cisco®, continues to make borrowing both available and affordable for most Cisco customers.

As a captive finance source, we are not experiencing the same financial capacity issues that are currently affecting some banks, financial institutions and independent leasing companies. We're able to take advantage of the strong resources of our parent company, Cisco, to provide our customers with an alternative source of funds.

As a trusted business partner, Cisco Capital can help you to obtain and maintain the right Cisco solution with the most competitive and flexible acquisition strategy for your business.

Take advantage of the unique financing benefits that Cisco Capital offers

- **Preserve Cash** and reallocate resources to other business priorities
- **Flexible financing structures and terms** allow you to get the right solution for your business
- **Captive finance rates and residuals** help to reduce your total cost of ownership
- **Align project costs** to technology benefits and accelerate ROI
- **Built-in migration options** to refresh equipment as your business requires and manage lifecycles
- **Total business solution financing** for Cisco equipment, software, services, partner services and complementary third-party equipment

Allowing you to stay focused on the business, profitability and capital efficiency.
